

"If we want to reduce crime and return people to the community as contributing members, then we need to be more creative about what we do with those offenders who have drug addiction and end up recycling through our jails and prisons.

Drug court is one of those options we can use to address the addiction crisis in our state and to make our state safer.

I am thrilled this committed group of active community leaders wants to support a better way to address crime and addiction."

Chief Justice Tina Nadeau,
NH Superior Court

Who We Are

The Friends of New Hampshire Drug Courts is a statewide 501 (c) 3 charitable organization that supports the participants and activities of all Drug Treatment Courts in New Hampshire. Our goal is to help participants achieve long-term recovery by awarding grants and loans to fulfill needs that would otherwise go unmet, including car repairs to get to work, obtaining sober housing, food, clothing, utilities, dental and child care. Our funds come from private donors, sponsors and grants. Won't you help? Donations are tax deductible. We appreciate your support!

DRUG COURTS WORK!

Participants

“I am forever grateful (to the Friends of NH Drug Courts). Without them, I never would have been able to afford to do anything with my teeth. My health would have been declining. Who knows where I would be because of that. Thanks to the Friends, I’ve been able to get healthy. It’s changing my life.”
-Tanya

“Today I am a different person. I’m continually doing things to better myself. I have a new outlook on life and I enjoy living life clean which I never thought was possible. A lot of people reach out to me and that definitely helped me stay clean. So no matter what happens today I do not have to use drugs, no matter what. I’m happy being clean and sober for the first time in my life. So I believe if I can do it, anyone can. It is what it is!” -Paul

Drug Courts are an alternative sentencing program that have a proven record of combating drug and alcohol addiction through intensive treatment and supervision, reducing recidivism, reuniting families and returning participants to their communities as productive and gainfully employed residents.

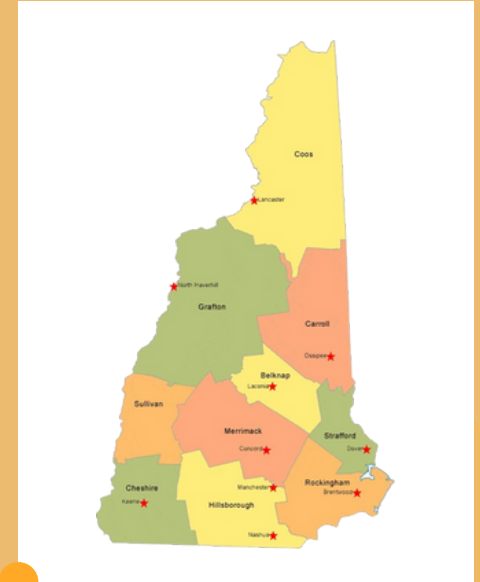

“I am honored to serve as an honorary board member of the Friends of New Hampshire Drug Courts. New Hampshire’s Drug Courts help those that are addicted stay out of prison and gets them the treatment and recovery they need.

The Friends of New Hampshire Drug Courts play an important role in assisting the courts and those participating in them.”

Gov. Chris Sununu
